

/ Somlent Serene Mattress

Quick User Guide

ALARM
Contact Innova if light shows whilst a patient is on the mattress.

POWER
On / Off.

SOFT / HARD
Adjusts the comfort setting for the client.

STATIC / DYNAMIC
For nursing procedures or any situation requiring a hard mattress, move the switch to **STATIC** and turn the **SOFT / HARD** dial to the maximum level. In **DYNAMIC** mode, the compressor inflates two of three consecutive elements alternatively.
