RANGE

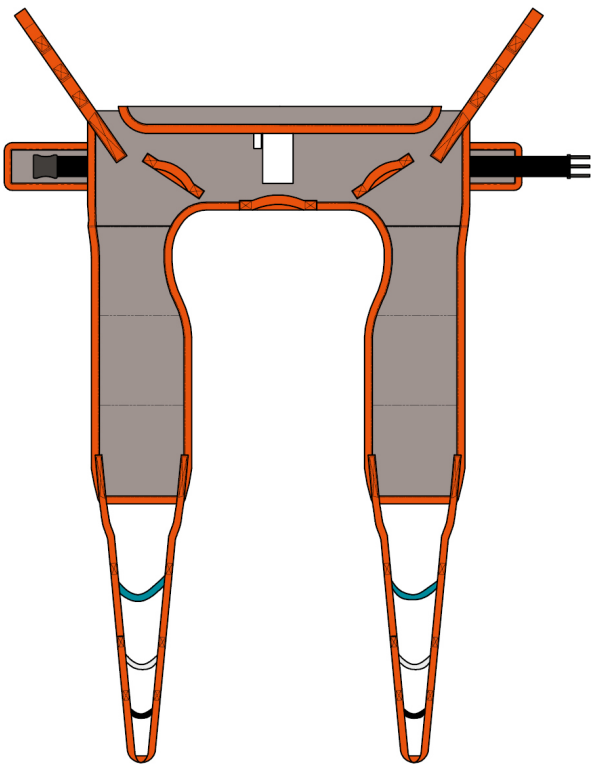

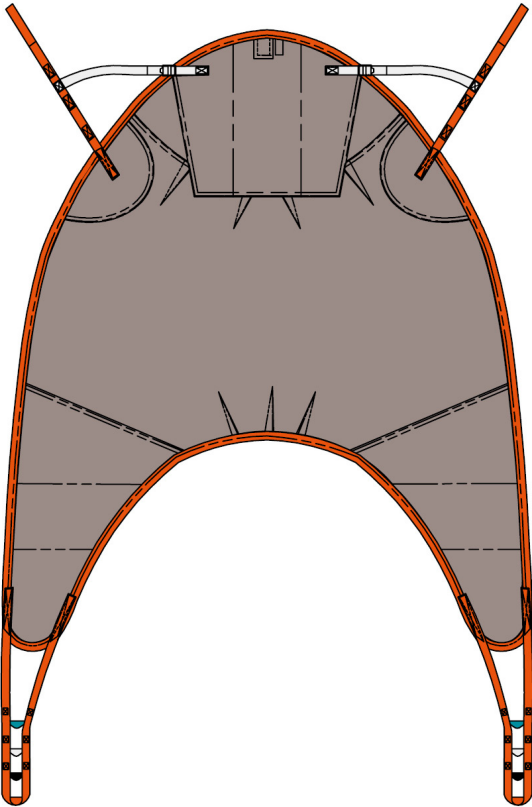

# / PATIENT LIFTING SLINGS

## AirSling UNIVERSAL

The Universal sling provides excellent support to all areas of the patient's body during hoisting. The AirSling Universal has specially shaped leg sections and a built-in padded head support for the ultimate comfort.

This sling is ideal for active users with good trunk strength. The Universal is a great choice if you're transferring a patient to and from a seated or supine position.

Code	Size	Price
INNSL008	Small	£85.91
INNSL009	Medium	£91.21
INNSL010	Large	£95.76
INNSL011	Extra Large	£89.70

## AirSling HYGIENE

The AirSling Hygiene is a great choice for dressing and toileting. This sling has padded rolls on the back and underarm section to keep the patient as comfortable as possible.

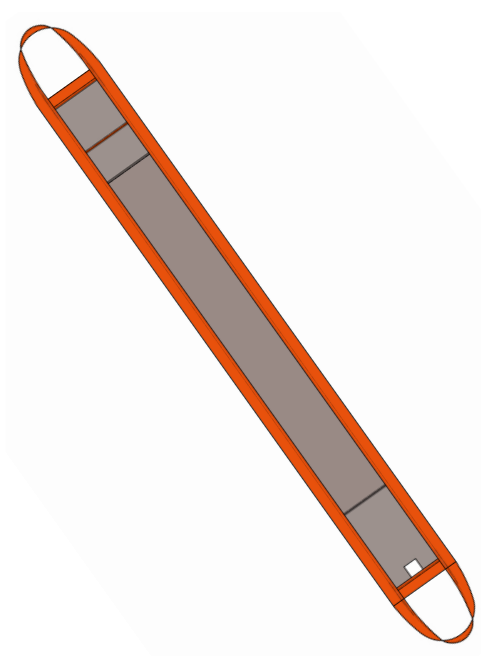

This Hygiene sling is also fitted with a waist belt to provide extra support when being hoisted. The AirSling Hygiene should only be used with patients who have good body tone and don't require head support.

Code	Size	Price
INNSL004	Small	£95.76
INNSL005	Medium	£103.33
INNSL006	Large	£115.45
INNSL007	Extra Large	£116.21

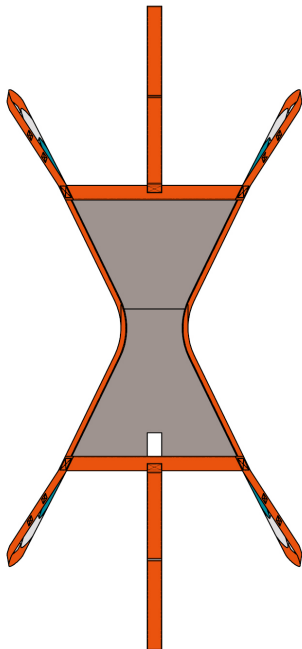

# AirSling LIMB LIFTER

The Limb Lifter is a compact sling that can be used for lifting the patient's limbs. This means that the carer is at little risk of any unnecessary injuries or strains that may be caused by manually lifting the arm or leg.

The AirSling Limb Lifter is ideal if you need to re-dress wounds or hygiene tasks. Use the built-in mitt to slide the Limb Lifter beneath the patient's leg with ease and dignity.

Code	Size	Price
INNSL001	One Size	£38.18

# AirSling TWIN TURNER

The AirSling Twin Turner is a repositioning sling that can be used to roll patients over in bed. This will help to relieve any physical strain caused by manual moving and handling techniques.

One end is fitted with a Velcro strap so you can secure the sling in place for transfers. You can roll the patient side-to-side without having to move the Twin Turner sling from under them.

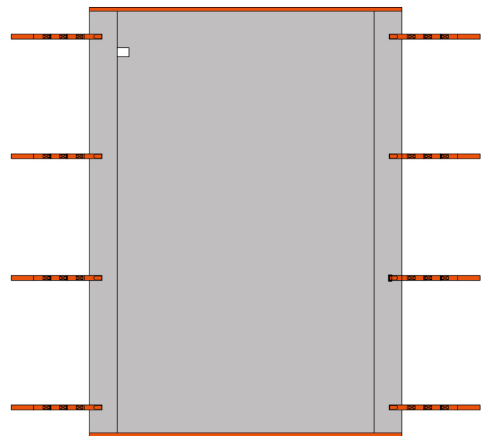

Code	Size	Price
INNSL002	One Size	£51.06

# AirSling BARIATRIC

Our bariatric patient lifting sling has been designed specifically to reposition plus-sized patients in a supine position. The AirSling Bariatric supports the patient's entire body so you can provide the best care possible.

The Bariatric sling can also be used for rolling and repositioning when you need to carry out hygiene procedures.

Code	Size	Price
INNSL003	One Size	£83.64

**Please note:** Bespoke pricing is available on bulk orders of 5+ slings.  
Next day delivery is available for all sling orders before 3pm.
