

Innova Recycling Centre

With millions of gloves and masks being thrown away every day it's not hard to see why the alarm over where all these single-use products are ending up.

Single-use PPE masks and gloves are considered "non-recyclable" types of waste in the traditional recycling systems. Innova offers a solution to collect and recycle PPE – a turnkey solution to recycle hard-to-recycle waste for organisations looking to offset their impacts and lighten their environmental footprint

Let us help you recycle your products of the materials they contain and dispose of them in the most environmentally sensitive ways.

Accepted items for PPE Recycling:

- Disposable face masks
- Plastic gloves
- Visors & face screens
- Safety gear (helmets, bump caps)
- Goggles & safety spectacles
- Earplugs
- Plastic overalls & clothing covers
- Lateral flow tests

“ UK government has committed to an ambitious **65% municipal recycling rate** by 2035 ”

To discuss your organisation's waste-management needs and explore your options, arrange a no-obligation waste review. Contact our team today and receive a call within 24 hours.
