

TR Comfortline

Height Adjustable Bathtub

Hygiene Equipment
Designed for People

TR Comfortline bathtub

The TR Comfortline is a free standing, height adjustable bathtub designed for a satisfying and relaxed bathing experience. With a host of sensory options available, such as LED lighting system, music sound wave system with four speakers AUX and bluetooth and a 12 jet air-spa system.

Simple installation of the Comfortline allows it to be positioned in almost any central bathing areas or bathrooms. Controls have been designed with simplicity in mind and the smooth design makes it easy to clean and maintain.

Registered at Medical Products Agency, Sweden as a MDR Class 1 product according to MDR 2017/745.

TR reserves the right to make design changes and/or improvements without notice.
